

HEIGHTENED SECURITY MEASURES

In view of the heightened threat situation, MOH has stepped up security measures, including at our polyclinics.

These measures include closure of our public carparks and enhanced security checks on bags and personal items.

CARPARK CLOSURE

Patients are advised to park at nearby carparks and should factor in additional time needed to travel.

SECURITY CHECKS

Patients can expect delays when entering our polyclinics due to these enhanced checks.

We seek our patients' understanding and support during this period as we work to keep our polyclinics safe and secure for everyone.
